ABOUT

M.N. ENGINEERING

Great healthcare spaces begin with the right furniturer over **35 years**, **M.N. Engineering** has been a trusted name in educational and institutional furniture manufacturing.

From hospitals and clinics to healthcare centers and patient care facilities, we create ergonomic, durable, and intelligently designed furniture solutions that enhance comfort, safety, efficiency, and the overall healthcare environment.

Over the years, we have proudly supplied furniture to **State Government** and **Central Government** institutions, along with leading corporations such as **JSW, IMF, IDBI, SBI Life, Ramco Cement, Shiva Cement**, and **Aditya Birla Fashion & Retail** through CSR initiatives. Our commitment to quality and reliability has earned us lasting trust and recognition across sectors.

At M.N. Engineering, we also specialize in custom-designed furniture solutions, ensuring timely delivery and complete furnishing support for **schools, colleges, hospitals**, and **hostels** across Odisha and beyond.
